Ref. No. 2411-C/38-5

Station Madras, *Dated the* 18th August 1939.

From (Name) Dewan Bahadur Dr. B. Sundara Raj, M.A., Ph.D.,
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

I have the honour to submit below proposals for the opening of Fisheries Schools at Udayavar (1) West and Ajanur (2) villages and for (3) taking over the school at Yermal (Bada) in South Kanara District, and request that the proposals may be considered as Part II Schemes for 1940-41.

2. Udayavar West:- In 1937, a petition was received from the fishermen of Udayavar Village for a school in the village and the fishermen were told that it was not possible to recommend the opening of a school in view of the fact that a school opened by the department in 1929 had to be closed. Again in June last year a petition was received from the

the fishermen of the village praying for the opening of a Fisheries school in the locality. Though, for reasons reported in my letter No.321-C/31-6 dated 18.5.1931, disposed of in G.O.No.829 Ms.,Dev., dated 30.5.1931, a Fisheries school opened in 1929 in the village had to be closed, yet in view of the large number of signatories to the petition and the further request for a school, the Assistant Director of Fisheries(Coast)was requested to make careful enquiries and report results. The Inspector of Fisheries visited the village and made enquiries. He reported that the fishing hamlet is a narrow strip of land about 200 yards broad on an average, running north and south about 2 miles in length, with the sea on the west and a broad river on the east, with about 100 huts of fishermen. There are about 100 fisher children of school-going age in the locality. He stated that if a school is started a strength of 50 to 60 children could be expected to attend the school. He also stated that no facilities for educating fisher children existed in the locality, the fisherfolk appeared to be sufficiently enthusiastic and that therefore it would be desirable to open a Fisheries school in the locality. In view of this report of the Inspector of Fisheries that there is scope for opening a Fisheries school in the village, the Assistant Director of Fisheries(Coast)consulted the District Educational Officer in the matter. The District Educational Officer agrees that a Fisheries School may be opened in the village -- vide copy of his letter dated 11.4.1939 enclosed.

(2) Ajanur:-- This is a fishing hamlet near Hosdrug with about 100 houses. The Inspector of Fisheries says that there is a Board school in this village but between the sea-shore and the situation of this school, there are low-lying paddy fields which during the monsoon are deep under water making it impossible for the children to wade through. It is, therefore, extremely difficult for the fisher children living on the seashore to attend the existing school. A school situated on the seashore ~~xxxxx~~ between the two fishing hamlets of Ajanur and Balla will greatly help to remove the

illiteracy of the fisher children of this locality. The Inspector therefore recommended the opening of a Fisheries school in Ajanur fishing hamlet for the benefit of the fisher-folk of Ajanur and Balla. The District Educational Officer supports this proposal.

(3) Yerumal (Bada.):-- A petition was received from the fisherfolk of Yermal for taking over the management by this department of the school recently started by them in the village. The Inspector of Fisheries, Mangalore, inspected the locality and reported that the school run by the fisherfolk caters to the need of three fishing hamlets, Yermal with 55 houses, Sanna Yermal with about 40 houses and Uchil to the north with about 30 houses. The distance between Sanna Yermal on the south and Uchil on the north is about 2 miles and the fishing hamlet of Yermal occupies the central place. Hence he reported that a school situated in Yermal would be convenient for all the three hamlets. The Junior Deputy Inspector of Schools is also of the opinion that a school for fisher children in the locality is necessary. There is, however, an aided school within three furlongs from the place where the fisherfolk have opened the school and the teacher manager of this school has protested against the proposal that this department should take over the management of the school started by the Yermal fishermen. The Inspector says that in the event of a Fisheries school being opened in the locality, this aided school is not likely to suffer much as this school mainly depends on communities other than fishermen for its strength. The District Educational Officer agrees that the new school in the village may be taken over by this department subject to the condition that only fisher-children are admitted into the school. Copy of the District Educational Officer's letter dated 31.7.1939 and of the remarks of the Junior Deputy Inspector of Schools dated 20.7.1938 are enclosed. I request that the Government will be pleased to sanction the opening of new schools at Udayawar and Ajanur villages and the taking over of the existing school at Yermal(Bada).

4

P.6 w/5a

3. A statement of expenditure involved in the proposal is appended.

I have the honour to be,
Sir,
Your most obedient servant,

B. Sivaram Rao
Director of Fisheries.

MLM/19.8

Copy of District Educational Officer's letter dated 11.4.1939.

Fisheries schools may be opened at Udayavar West and Ajanur villages as proposed by you. As regards the opening of a school at Yerumal in Bada village my views will be sent on receipt of Deputy Inspector's remarks already called for by me.

---- II

Copy of South Kanara District Educational Officer's letter Dis. 399/39 dated 31.7.39.

The new school at Bada may be taken over by the Fisheries Department, subject to the condition that only fisher children are admitted into the school.

III

Copy of remarks of Junior Deputy Inspector of Schools dated 20.7.38.

Visited the school this forenoon. The school was in working order. The one teacher was present. He is H.E.Grade untrained. Strength 20 plus 25. Attendance 17 plus 22.

The school is reported to have been started on 1.7.38 by the villagers of fishermen community with a view to provide educational facilities for their children. The school is housed in a new decent tiled building erected by the fishermen of the village. I understand that they are desirous to hand over the management of the school to the Fisheries Department. I think that a school for the children of the community is necessary in this locality and hope that the Fisheries Department will willingly take over the management of this school.

Statement of Expenditure.

I

Udiawar West.

	Rs.	A.	P.
(1) Rent for the school building for ten months from June 1940 to March 1941 at Rs.6/-net.	60.	0.	0.

Post copy of Telephonic Message.

ASSISTANT SECRETARY TO GOVERNMENT
4-NOV1939
DEVELOPMENT

Your Telephonic Message dated 1.9.39 re: Opening of new schools - South Kanara Dt.

A copy of report dated 24.10.1939 from the Inspector of Fisheries, Mangalore, furnishing the particulars called for is sent herewith.

for Director of Fisheries.

To

The Assistant Secretary, Development Department, Madras.

Copy of Mangalore Inspector's letter dated 24.10.1939.

There are 65 boys and 30 girls in Ajanur village, 50 boys and 20 girls in Balla village, of school going age. It is expected that about 95 boys and 30 girls will attend the proposed school at Ajanur as soon as the school is opened.

Particulars regarding Yerumal school are furnished below:--

Name of fishing hamlet.	Fisher children of school going age. Boys -	Girls -	Attending school Boys -	Girls	Not attending any school.
Sanna Yermal -	51.	33	34	7	43
Yerumal	54	62	38	30	48
Uchila	36	30	19	3	34
	131	125	91	40	
	256.		131.		125.

The present strength of the Yerumal school proposed to be taken over by the Fisheries Department as it stood on 7.10.39 is shown below:-

	Boys. -	Girls.	
I.	31	15	
II	8	9	
III	9	5	
IV	8	1	
V	9	5	
	65	35	= 100.

As regards rent for the school building, I am afraid, the Government will have to pay rent. The fishermen represent that they have constructed the building at a heavy cost and that much of it is borrowed amount. Hence they pray that a reasonable rent may be granted to the building.

Subj:- Fisheries - opening of schools at Udayavar, Ajanur and taking over of school at Yermal

Pp 1-4 (From the D.F. No. 2411-C/38-5 of 18.8.38)

To A.S.

Please see the D.F.'s letter at pp 1-4 C/F and the telephonic correspondence at pp. 7-8 C/F. The Director's proposals are

(1) that a fisheries school may be opened at Udayavar;

(2) that a fisheries school may be opened at Ajanur; and

(3) that the private school at Yermal (Badaga) may be taken over by the Fisheries Dept.

The expenditure involved is shown ~~fair~~ in the statement at p. 6 C/F. Pendency receipt of Director's reply to the D.O. at pp. 7-8 C/F. The proposals call for the following remarks with reference to the standard of efficiency and immediate necessity once prescribed owing to the emergency created by the war.

2. Item (1) above. Please see

The Director's remarks in para 2(1) ~~on~~ on Pp 1-2 cr. As it is reported that there are no facilities in the locality for educating foster children and that there are about 100 foster children of school going age the provision of a school at ~~Tagore~~ Vidyaranya Wes. seems to be a necessity. The expenditure involved is as follows:-

	Ultimate cost		Cost in 1940-41 (10 months)	
	R.	NR	R.	NR.
Pay of 2 H.E. teachers on Rs 23-2/2-45 (33½)	798	—	414	—
Special Pay to the headmaster @ Re 1/- per mensem	12	—	9	—
Rent @ Rs 6 p.m.	72	—	60	—
Furniture, books etc.	—	400	—	400
Sweeping charges @ 12as per mensem.	9		7½	—
	891	400	490½	400

890. A

A

As the prescribed standard of temperance and immediate necessity seems to be satisfied in view of the circumstances stated ~~by the Director~~ at 'A' above the proposal for the opening of a school at Vidyaranya Wes. may be ~~supported~~ in this dept

CMO 30/10/ C

3/ Director 2 in p. 1 above. It is reported

that there is a road which in the village of Arasur is submerged during the rainy season. The children living on the other side have to wade through. On one of the occasions it would seem that a culvert is necessary on the road line as proposed by the D.F. The District has however been asked to submit the names of further children likely to attend the proposed school in order to justify the construction of the culvert as the water may be up to this extent.

Part II Scheme for 1940-41.

'C on p.2 & 'B on p.4 ante

The Development Department support the proposals of the Director of Fisheries for the opening of new fisheries schools at (1) Udayavar West and (2) Ajanur villages in South Kanara district. The financial effect of the proposals is as follows:-

Head of Account.		Ultimate cost. Recg. Rs	Ultimate cost. Non-Rec. Rs	Cost in 1940-41 (for 10 mths.) Recg. Rs	Cost in 1940-41 (for 10 mths.) Non-Recg Rs
43 d. Industries - Fisheries F. Fisheries Schools--					
1. Pay and allowances of establishment--	Pay of establishments - Temporary--				
	4 Higher Elementary Grade Teachers (two teachers for each of the schools) on Rs 23-2/2-45 (33 1/3)	1596	..	920	..
	Special Pay to 2 Headmasters @ Re.1 p.m. each	24	..	20	..
2. Other Charges	Rents-- Rent at Rs 6 p.m. for each of the two schools	144	..	120	..
	Other Contingencies- Furniture, books, etc.	..	800	..	800
	Sweeping charges	18	..	15	..
	TOTAL.	1782 or 1800	800	1075 or 1100 roundly.	800

para 2, pp. 1-2 c.f.

2. Opening of a Fisheries School at Udayavar West. The proposal is the outcome of representations made to the Director of Fisheries once in 1937 and again in 1938 by the fishermen at Udayavar village. The justification for a school in the locality is given at portion 'M' on p.2 C.F. Development consider the proposal as satisfying the standard of 'imperative and immediate necessity' for the reason that

'A' + 'C' on p. 2 ante.

no facilities exist in the locality for educating fisher children of schoolgoing age. In the circumstances stated, Finance may perhaps agree to the proposal being treated as a Part II scheme for 1940-41 -- please see in this connection the Development Assistant Secretary's note on p.4 ante.

3. Opening of a fisheries school at Ajanur.

Pending receipt of the particulars called for in para 1 of the T.M. on p.7 C.F. and further examination by Development of the need for opening a school in Ajanur village, no remarks are called for in this department at present.

4. The case may be returned to Development.

Thro' B.E. III.

To A.S.

Please see the Finance Dept. ~~...~~ note from p.5 ante. and its D.O. reply since received at p.9 C.F. The Director reports that about 125 children are expected to attend the proposed school at Ajanur. This number seems to be sufficiently large to justify the opening of a school in that place. As already explained in para 3 at pp 2-3 ante the provision of a fisheries school at Ajanur seems to be a necessity.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

The Director of Fisheries has submitted proposals for the opening of fisheries schools at Udayar West and Ajanur villages in the South Kanara district.

Udayavar West.—This is a small fishing hamlet with about 100 huts of fishermen and there are about 100 fisher children of school-going age in the locality. The Fisheries Department took over in 1929 the management of a private school in the village, but subsequently it had to be closed as the attendance was reported to be very irregular and poor. The Director of Fisheries reports that the fishermen of the place have petitioned to him for the opening of a fisheries school. It is reported that there are no facilities in the locality for educating fisher children and that if a school is started, 50 to 60 children could be expected to attend it.

Ajanur.—This is also a fishing hamlet with about 100 houses. There is a Board school in this village, but between the seashore and the school there are low-lying paddy fields which during the monsoon are deep under water, making it impossible for the children to wade through. The Director of Fisheries states that a school situated on the seashore between the two fishing hamlets of Ajanur and Balla will greatly help to remove the illiteracy of the fisher children of this locality. There are 95 fisher children in the Ajanur village and 70 in the Balla village of school-going age and it is expected that about 125 children will attend the proposed school at Ajanur.

The District Educational Officer, South Kanara, recommends the opening of fisheries schools at these two places, viz., Udayavar West and Ajanur. This department supports the Director's proposals and recommends the inclusion of necessary provision in the Budget Estimate for 1940–41. The two schools with a staff of two teachers each will be sanctioned on a temporary basis for two years to start with.

V. N. VISWANATHA RAO—30-11-39.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be considered as a Part II Scheme for 1940–41.

T. N. S. RAGHAVAN—2-12-39.

Finance (B.E.III/ Department.

U.O.Note No.42644 B.E.III-3, dated the 17th January 1940.
